Dear Hiring Manager,

I'm excited to be applying for the Sr. Software Developer position at your organization. With software development, there is always something new to discover. Designing a program that is truly helpful to the user is my goal on every project, and I am delighted by the opportunity to apply my knowledge at your organization.

During my previous role at Greysprings and Fitnessmana, I provided support at the core level of the products having responsibilities from start to finish. I was involved in the sprint plans, development of the product features, testing, packaging and releasing to various platforms and the clients.

Thank you for your time and consideration. I'm looking forward to learning more about the Software Developer position. As a Software Developer, my goal is to continually increase my programming skills in order to present better solutions to my employers and their clients.

Sincerely,

Manish Kumar
